

CLIMATE NEUTRAL CERTIFICATE 2021

KOCAKKAYA TEKSTIL SAN VE TIC LTD STI

offset a total of **13,653.81 kg CO₂e**
for 2021 with GoGreen Climate Neutral services.

Deutsche Post DHL Group has offset the greenhouse gas emissions generated by transportation and logistics through climate protection projects:

Water power, Honduras (GS 395)
Energy efficiency, Lesotho (GS 913)
Energy efficiency, China (GS 1239)
Clean water, Eritrea (GS 1247)

Biogas, Vietnam (GS 2525)
Water power, Laos (GS 2766)
Biomass, Nepal (GS 3110)
Wind power, Chile (GS 3567), Aruba (GS 816)

Further information on the GoGreen climate protection projects can be found at: dpdhl.com/gogreen-projects

Michiel Greeven
Executive Vice President
Sales Express Global & Europe

This certificate is issued by Deutsche Post DHL Group. The greenhouse gas emissions stated on this certificate (reported as CO₂e*) include emissions from transport and logistics as well as upstream emissions from fuel and energy production. The emissions have been calculated and offset via investments in climate protection projects as mentioned above. SGS (Société Générale de Surveillance) has verified the tracked greenhouse gas emissions and the related offsets against the Carbon Management System and according to the „Greenhouse Gas Protocol - Product Life Cycle Accounting and Reporting Standard“ for the period of 01.01.2021 to 31.12.2021.

* CO₂e: The CO₂ equivalents for our emissions offset include carbon dioxide (CO₂) as well as further GHG emissions such as methane (CH₄).
